

PONCA YOUTH ENRICHMENT FUND

(For External Distribution)

Purpose:

The Ponca Youth Enrichment Fund program (PYEF) provides funding to assist in enabling enrolled Ponca Tribe of Nebraska youth to reach their personal goals that may otherwise be unattainable due to lack of financial resources. The purpose of the program is to encourage participation and excellence in physical, educational, developmental, cultural, spiritual and other life-enriching activities. An extensive list of sample qualifying items is enclosed to serve as a guide. It is not an all-inclusive list. Please contact a PYEF committee member to confirm eligibility of any items or activities not listed.

Qualifications:

Enrollment: Applicant must be currently enrolled in the Ponca Tribe of Nebraska

Residency: Applicant must have current address information on file with the Enrollment office.

Age: Applicant must be no older than twenty (20) years of age at the date of application.

Prior Use: Applicant must not have previously utilized all available funding for the particular period they are applying for as specified by the amount qualified for in the "Amounts/Limitations" section of the policy.

Available Funding:

For the specific PTN District in which the applicant resides, there must be enough remaining P-YEF allotted funds to meet the request.

Amounts/Limitations:

- Qualified members are eligible for up to \$300.00 per fiscal year*.
- Eligible expenses shall not be duplicated or funded by any other Ponca Tribal programs.
- **Note: The Ponca Tribe of Nebraska's fiscal year begins each October 1st and ends each September 30th. If the district in which the applicant resides has remaining P-YEF funds as of April 1st of the application year, all eligible applicants may request to utilize the funding a second time for an amount subject to the same criteria the initial requests are based on. These requests are approved strictly on a first come first serve basis as funding remains available for the individual's district. Youth having not yet utilized any of their allotted funding for the fiscal year will always have priority over any youth making a second request for the fiscal year.*

Application Process:

To apply for funding, the applicant, or parent/guardian of the applicant, should contact the PYEF committee member listed for the closest PTN office site/district. A current CIB will be requested on the participant's behalf from the Enrollment Department to verify enrollment status, age, and residency. This will be verified and requested each time a youth applies for funding.

Payment Method and Details:

Payment can be made in one of two forms:

- 1) Reimbursement to the parent or guardian of applicant or to the applicant.

Items needed would be a receipt, registration or payment confirmation from the vendor/organization/website/group etc showing amount and method of payment. The documentation of payment made should clearly show the nature of the purchase or activity. For example, the receipt must show the item purchased (such as athletic shoes or apparel, bicycle, school supplies, etc) that qualifies for the funding or in the case of a registration or payment confirmation, there should be clear detail contained on the form of what activity was paid for. If not, a separate written note or e-mail may be submitted from the coach/sponsor/group or activity leader etc to confirm the activity qualifies and to confirm payment was previously received. *Applicants should allow two to four weeks from the time all documentation is submitted to when the payment will be available to the person requesting reimbursement.*

- 2) Direct payment to the vendor.

Items needed would include documentation of the item or activity showing cost and description of activity or item purchased. This could include a registration form, a print out from the vendor or group's website or online store, a flyer containing the details or a written note or e-mail from the coach/sponsor/group activity or leader detailing the cost and description of activity. *Applicants should allow two to four weeks from the time all documentation is submitted to when the check will arrive to the vendor. The committee members can assist in contacting payee to communicate when the payment will arrive and work with them as much as possible to satisfy time restraints.*

Approval:

Final approval of all PYEF requests rests with the Ponca Tribe of Nebraska's Tribal Council. For items or activities that are not clearly allowable or clearly disallowable, the PYEF committee member will seek clarification/approval from Tribal Council. This will be done prior to any funding being expended. In the event that an item is denied, the applicant does not qualify for the request for any reason, or the applicant is in need of funding above and beyond the program's limitations, the applicant, or parent or guardian of the applicant, always has the right as a Tribal member to follow up directly with their Tribal Council representative if they desire to have their request considered by the full Tribal Council. The PYEF committee member will not be involved in any follow up and the responsibility lies solely with the applicant.
